Dear Peter,

Thanks for your letter.

You asked my birthday. We celebrated my last birthday like this, in the morning, the whole family congratulated me. We went shopping, they bought me a bunch of things. By the evening, guests began to gather at our house, they gave gifts and even money.

Our tradition is to pull ears.

I would like to celebrate my next birthday like this, they gave me gifts in the morning and this is a brand new iPhone 15 pro Max, we would go somewhere and in the late afternoon, as always, guests came.

My father told me that we are going to celebrate my birthday together. He is planning to book a table in a cafe. I'd like to stay at home and invite my friends but I'm not sure. Where did you have your last birthday party? What birthday traditions do you follow in your family? How do you want to celebrate your birthday next year?

Best wishes,  
PETER

Sonic and Mario at Olympic games Tokyo' is the name of the game. There are many characters, main ones are Sonic, Mario, Luigi, Tails, Eggman. Eggman tried some techs to make main characters

to be trapped back in time, but trapped almost whole world, even himself. But Tails and other friends tried to save them by master magic tech. But later a tech was about to die forever, but they made it in time.

This whole game was happening in Tokyo city.

The main aim of this game is to save everyone from being trapped in the past.

I would recommend this game to sportive people and my friends, because you need to move yourself a lot for this game.

Minecraft is my favourite computer game. It's sandbox, there you can do everything from building a house to Super farm of the mobs. In the Minecraft <sup>there are</sup> only two characters: Alex and Steve. There isn't a plot. Minecraft is a game from Sweden and creator's name is Notch. Aim of the game is to kill a dragon. To do it, you should build a portal to the nether. There are two variants to build it. The first variant is: you should get three pieces of the iron, make a bucket, find a lava and build a portal with a special technique. The second variant is: you should get three pieces of the iron, make an iron pickaxe, find diamonds, make diamond pickaxe, break for obsidians and build a portal. There you should kill a dragon. I recommend this game for people who don't know what to do. Because in the Minecraft you can do everything!!!

I like to play computer games. And my favorite game is ~~Minecraft~~ <sup>Minecraft</sup>. This game ~~has~~ <sup>has</sup> so many blocks, blocks are everything <sup>on the earth</sup>. The main character is Steve or Alex, ~~it's~~ <sup>it's</sup> your choice <sup>is not</sup> influence on that, but it's not so important. Steve is a man ~~and~~ <sup>and</sup> Alex is a woman. Plot of this game is travelling in other ~~worlds~~ <sup>worlds</sup>. The first world, which ~~you~~ <sup>you</sup> start is a usual world. You have to do tools, ~~build~~ <sup>build</sup> houses, farms and other buildings you need. Now, after you built a port <sup>in</sup> other world, your next place is hell. For now you should ~~find~~ <sup>find</sup> a big castle, win monsters locating there. When you win ~~monsters~~ <sup>monsters</sup>, ~~you~~ <sup>you</sup> need to find ~~the~~ <sup>the</sup> best ~~port~~ <sup>port</sup> ~~to~~ <sup>to</sup> the end. ~~For~~ <sup>For</sup> a while ~~later~~ <sup>later</sup> you found ~~the~~ <sup>the</sup> end ~~and~~ <sup>and</sup> you ~~enter~~ <sup>enter</sup> to the end. For now started the sim of this game - win ~~enderdragon~~ <sup>enderdragon</sup>. It's not simple work, it's require <sup>the</sup> patience. One or thousand battles with dragon later you finally can do that - win. You are ~~the~~ <sup>the</sup> winner of ~~Minecraft~~ <sup>Minecraft</sup>. But don't forget besides the win exist ~~other~~ <sup>other</sup> worlds, you can do everything about you thinking! ~~That's~~ <sup>That's</sup> mean ~~in~~ <sup>in</sup> Minecraft. Building, fighting, ~~and~~ <sup>and</sup> ~~more~~ <sup>more</sup>.

~~This is why I recommend this game to's~~ <sup>160</sup> ~~especially~~ <sup>especially</sup> ~~you~~ <sup>you</sup> ~~and~~ <sup>and</sup> ~~your~~ <sup>your</sup> ~~friends~~ <sup>friends</sup>.

I want to tell you about computer game which is called Roblox. The characters of this game are people with a square head, and the player can dress it up at his discretion. There are many different locations in this game where the character goes through different tests. The aim of the game is to complete different levels and locations where a prize in the form of game currency is given at the end. I would recommend this game to children and teenagers, but also to adults. I think it is a good way to spend time and get away from reality for at least a while. Each game is good in its own way and each is worthy of your attention. Thank you for attention!

~~My name is Khashnutbek.~~ My favorite game on the phone is FC mobile 25, which stands for Fifa mobile 25. I like to play it because it is connected with football, and I ~~am~~ <sup>am</sup> a football player myself. I play it for about 2-3 hours a day, sometimes even ~~shorts~~ <sup>shorter</sup>. I ~~have~~ <sup>have</sup> been playing it for 2 years now and I never get tired of playing. ~~is Kaka~~, but I don't have him in the game, and would like to have him in my squad. And I have a second favorite football player and I would call him my idol and that's Cristiano Ronaldo ~~dos Santos Aveiro~~. There is no plot in this game, and so you just develop your squad and gather players. The place of the matches is on the football field, which you can buy with gems or buy with money. The direction of the game is sports, because there are football players there I would recommend this game to football players. In this game to football players, in this game you can relax and have fun with friends. And you can develop your techniques in football.

My name is Ration. I dream of becoming a racer and that's why I'm already learning to drive in car simulators. Now I spend about 4 hours a day on the computer. I love the simulator most of all called Assetto Corsa competition from Italian developers. The game is designed for gaming steering wheels, the price of which, by the way, sometimes reaches up to 15000 rubles. The game has very realistic physics and graphics. It is considered one of the best in its field. There are many real life racers who practice in this game until they can get behind the wheel. The game has about 75 tracks from real life, as well as real prototypes of GT3, GT4 and GT4 class cars, for example Porsche 997 GT3 RS. In this game there are so-called and races - team races lasting from 6 to 20 hours. I love this game

I understand meaning of this beautiful sentence and what their author put in them. I agree to them and think their author was right. You shouldn't waste time and life, you must always do something to ~~make~~ ~~prove~~ your life isn't meaningless. You exist so do something, ~~and~~ you need to be useful, help your country, other people. Wasting time ~~is~~ making your life less needed for others. For example, current generation likes time-wasting activities and avoid work, because their parents are rich, but if they don't learn how to work, they will be unable to do it when they are older, and will be homeless ~~and~~ ~~un~~ ~~educated~~. This ~~all~~ ~~mean~~ ~~this~~ we can say that you should learn work and be useful for society. Don't waste your work, ~~don't~~ ~~forget~~ ~~heaven~~ ~~so~~ ~~or~~ ~~join~~ something for others, and prove your life is not useless.

Just wakin' up in the mornin', gotta thank God. I don't know, but today seems kinda odd. No barkin' from the dog, no snag and mama cooked the breakfast with no hog. I got my grub on, but didn't pig out. Finally got a call from a girl. Hooked ~~up~~ it up for a later as I hit the door. Thinkin' "Will I live another twenty-four?" I gotta go 'cause I got me a drop-top and if I hit the switch, I can make the ass drop. Had to stop at a red light. Looking in my mirror, not a ucker in sight and every thing is alright. Called up the homies and I'm askin' y'all: "Which parks are you playin' basketball?" Get me on a court and I'm trouble. Freakin' niggas every way like MJ. I can't believe today was a good day. Drove to the pad and hit the showers. Didn't even get no static from the cowards, 'cause just yesterday them fools tried brast me. Saw the police and they rolled right past me. No flexin', didn't even look in a nigga's direction. As I ran the intersection. Went to Short Dog's house, they was watchin' yo! MTV Raps. What's the haps on the traps? Shake 'em up, shake 'em up, shake 'em up. Roll in a circle of niggas, and watch me seven-eleven, seven-eleven, seven-eleven, seven, even back door Little Joe.

As I walk through the valley of the shadow of death. I take a look at my life, and realize there's nothing left. Cause I've been blastin' and laughin' so long. That even my mamma thinks that my mind is gone. But I ain't never crossed a man that didn't deserve it. Me be treated like a punk, you know that's unheard of. You better watch how you talkin' and where you walkin'. Or you and your homies might be lined in chalk. I really hate to trip, but I gotta go. As they croak I see myself in the pistol smoke. Fool, I'm takin' care of the little homies wannabe be like. On my knees in night, sayin' prayers the streetlight been sponatin most their lives livin' in the gangster's paradise. Been spendin' most of their lives in their lives livin' in the streetlight. Been spendin' most their lives in the gangster's paradise. Been spendin' most their lives livin' in the gangster's paradise.

In my opinion, the author thinks that procrastination stops your development. My point of view is the same. I think it is so bad when you always postpone things you should do. Procrastination is the reason why people waste their time and spend their lives in hesitations. For example, I had a friend who was lazy all the time and didn't want to do anything. Her life seemed to me so boring because procrastination didn't allow her to find a new hobby and do what she likes. She often complained about her life but did nothing. Perhaps, people always find some reasons and excuses. For example, someone is probably afraid of new beginnings. This fear prevents people from taking action and stopping procrastination.

I also think that a lot of people just avoid responsibilities. They want everything to be done for them and don't want to try at all.

In conclusion, I want to say that procrastination is a time-wasting. If you want to be rich, smart and educated, you don't have to be idle and lazy. You need to look for yourself in life, do ~~what~~ the things which brings you pleasure. So, your life is in your hands. Just begin doing something. 19 points

Charles Dickens was a prominent English writer and social critic, born on February 7, 1812, in Portsmouth, England. He is widely regarded as one of the greatest novelists of the Victorian era and has created some of the most memorable characters in literature.

Dickens's early life was marked by hardship. His family faced financial difficulties, leading to his father's imprisonment for debt. At the age of 12, Dickens had to work in a blacking factory to help support his family, an experience that deeply influenced his writing.

"Procrastination is the thief of time, call it that" - Dickens's statement. I agree with his opinion on ~~if~~ you always postpone the very important things, you will not cope with your deadline. I often procrastinate, which is why I have time-wasting.

What is a waste of time? I completely agree with Charles Dickens statement. I lot of people in my life don't know what they want. They do not have a goal, a dream, and some kind of desire to achieve more, and on the basis of their uncertainties, people often postpone their tasks. ~~They willingly stay~~ they avoidance away from their problems. What happens next? How is the future life of these people shaping up? Hesitation in their actions and endless postponement leads to wrong choices, eternal haste and mistakes. To be honest, sometimes I myself postpone some things that are very important to do quickly, but it's not so scary if you realize it. I had a friend who was always throwing words around. He did not keep his promises, which he made, was always late for friendly meetings and often complained that he did not have time, although he was often idle. Therefore, he postponed important things until the very last moment, but even then there was no time for them. As a result, we can say that the most important thing is not to waste a whole time and clearly go to the tasks set for yourself.

Procrastination is the thief of time, collar him." Charles Dickens said. I think the author meant that procrastination steals precious minutes and hours from us that we could usefully spend. But instead of fighting this thief, we often let him continue to steal our time and energy. But if we want to succeed in life, then we need to learn how to control our procrastination. To do this, we must put a collar on him and not give him the opportunity to steal our time.

It is known how easy it is to immerse yourself in social networks or start watching a TV series instead of focusing on important tasks. But every time we postpone things for later, we lose valuable time that we could have spent usefully. Therefore, it is necessary not to let procrastination dominate your life. Put a collar on him and learn how to fight this bad habit. Set clear goals and a plan of action so that you do not lose your way. Do not put off important things for later, but do them right now.

As for procrastination, I can give examples from my life and literature. Sometimes, instead of studying for exams, I spend time watching movies or watching social media, and also I avoid homework. A literary example of procrastination can be found in Fyodor Dostoevsky's novel "The Brothers Karamazov" postpones an important conversation with his father and the resolution of his internal conflicts.

It must be remembered that time is the most valuable thing we have. We must not let procrastination steal the precious moments of our lives and don't be time-wasting.
